LINCOLN BEACHY IS
ANXIOUS TO FLY HERE

Lincoln Beachy, the daredevil flyer, has been at the State fair. He has written Secretary Tom Blakett of the Fair Association, offering his services through a back channel. The letter was reported to the police this morning and Chief McMillan is working on the case.

THIEVES GET INTO H. B. WEULLER'S STORE

Thieves got into H. B. Weuller's store on South First street last night and stole \$14 in cash, two bats and three dozen wooden entrance mats and also took away a back counter. The robbery was reported to the police this morning and Chief McMillan is working on the case.

Very Remarkable Cure of Liver Complaint.

Mr. Albert Walker, of Precious, W. Va., suffered intense pain in the stomach and right side at intervals for fifteen years. He had consulted eight or ten physicians and while they all agreed that he had liver trouble, they failed to relieve him. He was eventually cured by Chamberlain's Tablets. If you have any trouble with your stomach or liver, these tablets will certainly do you good. For sale by all druggists.

DEMING CHAMBER CONGRATULATES WOOTON

Passes Resolution of Appreciation for Man Who Knocked Down Person Who Slander-ed New Mexico.

SUGGESTS APPOINTMENT BY THE GOVERNOR

DEMING CHAMBER OF COMMERCE Incorporated
DEMING, NEW MEXICO,
May 21, 1914.

Mr. B. L. Wooton,
Albuquerque, New Mexico,
Dear Sir,—

The Deming Chamber of Commerce desires to compliment you upon your prompt and vigorous treatment of one who would damage the splendid citizenship of our state in the presence of strangers. Of course, a man who was so utterly devoid of decency as to make such a remark in the presence of so distinguished a party, is hardly worth giving attention, but it is a matter of splendid satisfaction to have a man who is standing near who is patriotic enough to administer the proper treatment in such cases.

Mr. H. B. Kelly, president of the National bank and a member of our board of directors, suggests that Governor McDonald appoint you the official stickler of knockers.

At any rate we all down here believe that you did just the right thing, and that Justice Craig upheld the dignity of the state of New Mexico in dismissing the case when it appeared in his court. Fortunately Deming has no such undesirable citizens as the man to whom you addressed the deserved punishment. You should one minute down here we shall send for you.

Very thankfully yours,

WILLARD E. HOLT,
Secretary.

What's In a Name?

Well, when names are mentioned we are likely to think of a certain one instance. And it is the same with watches, motor cars or fountain pens.

A man clothes-wise men the land over the name.

"Stein-Bloch"

comes instantly to mind when good made-ready clothes are mentioned. That reputation rests upon "Fifteen Years of Knowing How" and playing fair. When you are around our way, drop in and see what's going on.

PLANNING PROGRAM FOR CONVENTION OF TEACHERS

Takes Place November 23, 24, 25. To Be Largest Educational Gathering Ever Held in New Mexico.

Program plans for the annual convention of the New Mexico Educational association to be held here next fall are being worked out by the executive committee of the association at a meeting being held today at the Commercial club. The committee went into session this morning and does not expect to finish the task before it until some time this evening. One of the first things the committee decided was the date of the convention which is to be the largest gathering of teachers ever held in this state. The convention will be held as has been on the three days preceding Thanksgiving—November 23, 24 and 25. Last year some 1,200 teachers were in attendance. The aim and the expectation is to better that number considerably.

The members of the executive committee in attendance at the meeting are: The Rev. C. C. Hall, Boccaill, president of the state association; Dr. Wagner, State Superintendent Alvaro N. White, Santa Fe, Superintendent John Milne, of Albuquerque, and Dean Frank Carson of the Las Vegas Normal university.

R. R. Larkin, railroad secretary of the association of Las Vegas, is meeting with them. He has to do with arranging for rates and other details of transportation in connection with the convention.

It has been decided to devote the forenoon to visiting meetings of the convention section. The chairman of the section were authorized to prepare programs which are to be submitted by August 1. The general sessions are to be held at 2 in the afternoon each day and in the evening.

Very truly yours,

R. L. WOOTON.

WOMAN'S SUFFRAGE

may eventually give to women rights which they are entitled, but good health, which is the birthright of every American woman, must be hers before she can fully enjoy the privileges which woman's suffrage will bring. Women who suffer from those dreadful pains, backaches, headaches, irritability, nervousness and depression, symptoms of organic trouble, should refer to Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, to restore them to a normal healthy condition as it has thousands of other American women.

The first general meeting Monday afternoon, November 23, there will be addresses of welcome by Mrs. Boatright, City Superintendent John Milne and Dr. David Ross Boyd, president of the University of New Mexico. County Superintendent Mrs. Josie Lockard of Estancia will make the response. Rev. C. C. Hall, the state president, will make an address following that will name the selection of the next meeting place and the nomination of officers.

Other features and details of the program are to be worked out by the committee before adjournment this evening. The committee wired P. P. Claxton, United States commissioner of education, an invitation to attend the convention. He was at last year's convention.

The annual meetings will be held at the Elks theater, and the sectional meetings at places to be designated by the various committees.

Throw Away Your Eye-Glasses!

A FREE PRESCRIPTION

You Can Have Filled and Use at Home.

Do you wear glasses? Are you a victim of eye-strain or other eye weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy without glasses, but after using this prescription for fifteen days, everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription. Go to Ruppe's drug store or to any active drug store, and get a bottle of Optona. Fill a two-ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps and save them now, before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Surprising Cure of Stomach Trouble

Jacob Hindelang, of Chelsea, Mich., was ill with stomach trouble and in such bad shape that he lived for two months on lime-water and milk. He then began using Chamberlain's Tablets. He says: "I am seventy-six years of age but never in my life used any medicine that cured in such a short time as Chamberlain's Tablets." For sale by all druggists.

FEDERAL BUILDING IS RENDSVOUZ FOR AUTO RUN

The above letter is with reference to an incident in Albuquerque early last week when Mr. Wooton requested an insult to New Mexico and its native people, jinxed the head of the person guilty of the insult. Later in police court Judge Craig discharged Mr. Wooton as justifiable. Mr. Wooton has replied in the Deming Chamber of Commerce as follows:

Mr. Wooton's Reply,
Editor Evening Herald.

Dear Sir—I herewith hand you a letter which I have just received from the Chamber of Commerce, Deming, N. M. I also hope you will give the same space in your valuable and esteemed columns.

I also wish through your paper to thank the Deming Chamber of Commerce for their noisy paper of the unfortunate occurrence. I say noisy because from the fact that it is too bad that we have to resort to this to chastise persons who will defame the name of New Mexico and our good people. I have always been something sensitive on this point, as I am native born of this glorious old New Mexico, and my father long since deceased, was one of the pioneers who under went many privations and hardships in the early days of pioneer life, and it was he with many others who blazed the way and made it possible for the American people to emigrate to this great state of New Mexico. And today we have fine people in any state in the union and of whom we must feel proud. As to the native people of this state—these dear country—they are good citizens and when I hear them slandered I cannot but defend them. It is true and we can not deny that we do have some conditions that we wish might be different, but when a person is so devoid of reason and common sense and decency as to make such unfair comments as we have nothing but Grecians in New Mexico, and that the white people have become so Mexicanized that they are no better than the Grecians, then it seems to me that such persons should be taught a lesson which they will not forget, and it was this I sought to do. I sought but appreciate the letter written from the Chamber of Commerce of Deming, and to know that there is a live and progressive city which tells me has the courage of its convictions to stand up for New Mexico and its good people.

While I feel very thankful to Dr. Lopez Otero, who was arrested yesterday on complaint of Carlos Lopez, who said he insulted Mrs. Lopez, was dismissed in the police court today. Lopez himself said Judge Craig to dismiss the complaint. Lopez is swearing now that he did not say anything to the woman, said Dr. Lopez used coarse language toward his wife when she refused to admit him to the Lopez rooms Saturday night.

COPIES OF THE SOIL SURVEY EASY TO GET AT COMMERCIAL CLUB

Congressman Harvey B. Ferguson has written the Herald that he has copies of the soil survey of the middle Rio Grande valley, embracing that section of the valley extending from the Indian pueblo of San Felipe to the Fort Riley Ranch, southward through Sandia, Bernallillo and Valencia counties and ending about three miles south of La Jolla in Siccioro county, which he will be glad to distribute to those desiring them. But it isn't necessary right off to write Mr. Ferguson for copies of the soil survey. Mr. Fall sent 200 copies of it to Secretary Thomas Egan of the Commercial Club, and those wishing a copy have only to write or phone or call on Mr. Egan at the club to receive one. Between Secretary Egan and Congressman Ferguson pretty much everybody who uses a copy of the survey ought to be able to get one.
